

2012 Spectroscopy Roundtable.

Date: September 18, 2012

Sponsored by **ThermoFisher**
SCIENTIFIC

Fundamentals and Modern Applications of FTIR & Raman Microscopy

At the Lawrence
Berkeley National Lab

Hosted by: **LBNL Advanced
Light Source**

DXR Raman

iN10/iN10MX

Continuum

and more

Program :

9:00 AM - "Thermo Fisher Scientific – the World Leader in Servicing Science" – *Welcome by Mark McMahon*

9:30 - 10:30 AM – Review of FTIR and FTIR Microscopy—*John Hellgeth, PhD*

10:30 – 11:15 AM – Applications of FTIR Microscopy at the ALS Beamline, *Michael Martin, PhD*

11:30 – 12:30 AM -- Review of Raman Microscopy—*Mohammed Ibrahim, PhD*

Lunch (Food and beverages will be provided)

1:30 PM – 4:00 PM – Rotating Sessions:

- FTIR Microscope Demonstration (bring your samples!)
- Raman Microscope Demonstration (bring your samples!)
- Tour of the ALS Beamline and Spectroscopy Labs

4:30—Conclusion of Workshop

Registration is required. To register, please contact:
